What will your visit look like?

The typical visit format is a fair-style table in the Main Lobby of our campus during lunch. A table is the best format for our school as presentation settings do not get much traffic due to student commitments throughout the day and during lunch. Please bring a limited amount of brochures as we try to conserve paper and students have access to university websites.

Directions & Arrival to KLAS

Geneva (GVA) is the closest airport for arrival to Leysin. The Geneva Airport is about a 2-hour train ride from Leysin.

When you arrive to the GVA airport, follow the signs in the airport to walk to the train station. Take a train in the direction of Vevey, Lausanne, or Brig that has a stop in Aigle. The train you take **MUST** stop in Aigle!

Take the train from Geneva Airport to Aigle. The train will pass through Geneva, Lausanne, Vevey, and Montreux. The next stop after Montreux is Aigle, and this is where you will get off. Get off the train at Aigle.

Once at Aigle, walk to find the local, smaller mountain trains that will take you up the mountain to Leysin. Find the train to Leysin (it is normally a 3-car train) and get on board! Take the train up the mountain and get off at the Leysin-Feydey station. Once you get off at Leysin-Feydey, exit the station and turn right upon your exit. Follow the road straight ahead, you will pass a small mini-golf course on your left, and verge to the right just after you pass the mini-golf course. Just after you have verged to the right, you will see the road fork to the left and right. Take the larger road to the right and follow it straight ahead for about 5 minutes. You will pass the Top Pub on your right. Keep going! Eventually you will see a sign on your left that says “Kumon Leysin Academy of Switzerland Entrée Principale” with a set of stairs descending. Take the stairs to the main entrance of our school! I will be waiting for you in the Main Lobby just as you enter.
